

Applicant: Schilling et al.
Application No.: 09/851,740

REMARKS

In the office action, the claims 1 – 11 were rejected under obviousness double-patenting in view of U. S. Patent Nos. 5,363,403; 5,553,062; 5,719,852; and 6,014,373. Applicants submit a terminal disclaimer to overcome that rejection. Claim 1 and 5 were revised to include elements of claims 2 and 6, respectively. Claims 10 and 11 were recast in independent format. The dependency of claims 7 and 8 were revised to overcome the 112 rejection. Since all the independent claims have elements of allowable claims, applicant submits all the claims are allowable.

Reconsideration and entry of this amendment is respectfully requested.

Respectfully submitted,

Schilling et al.
